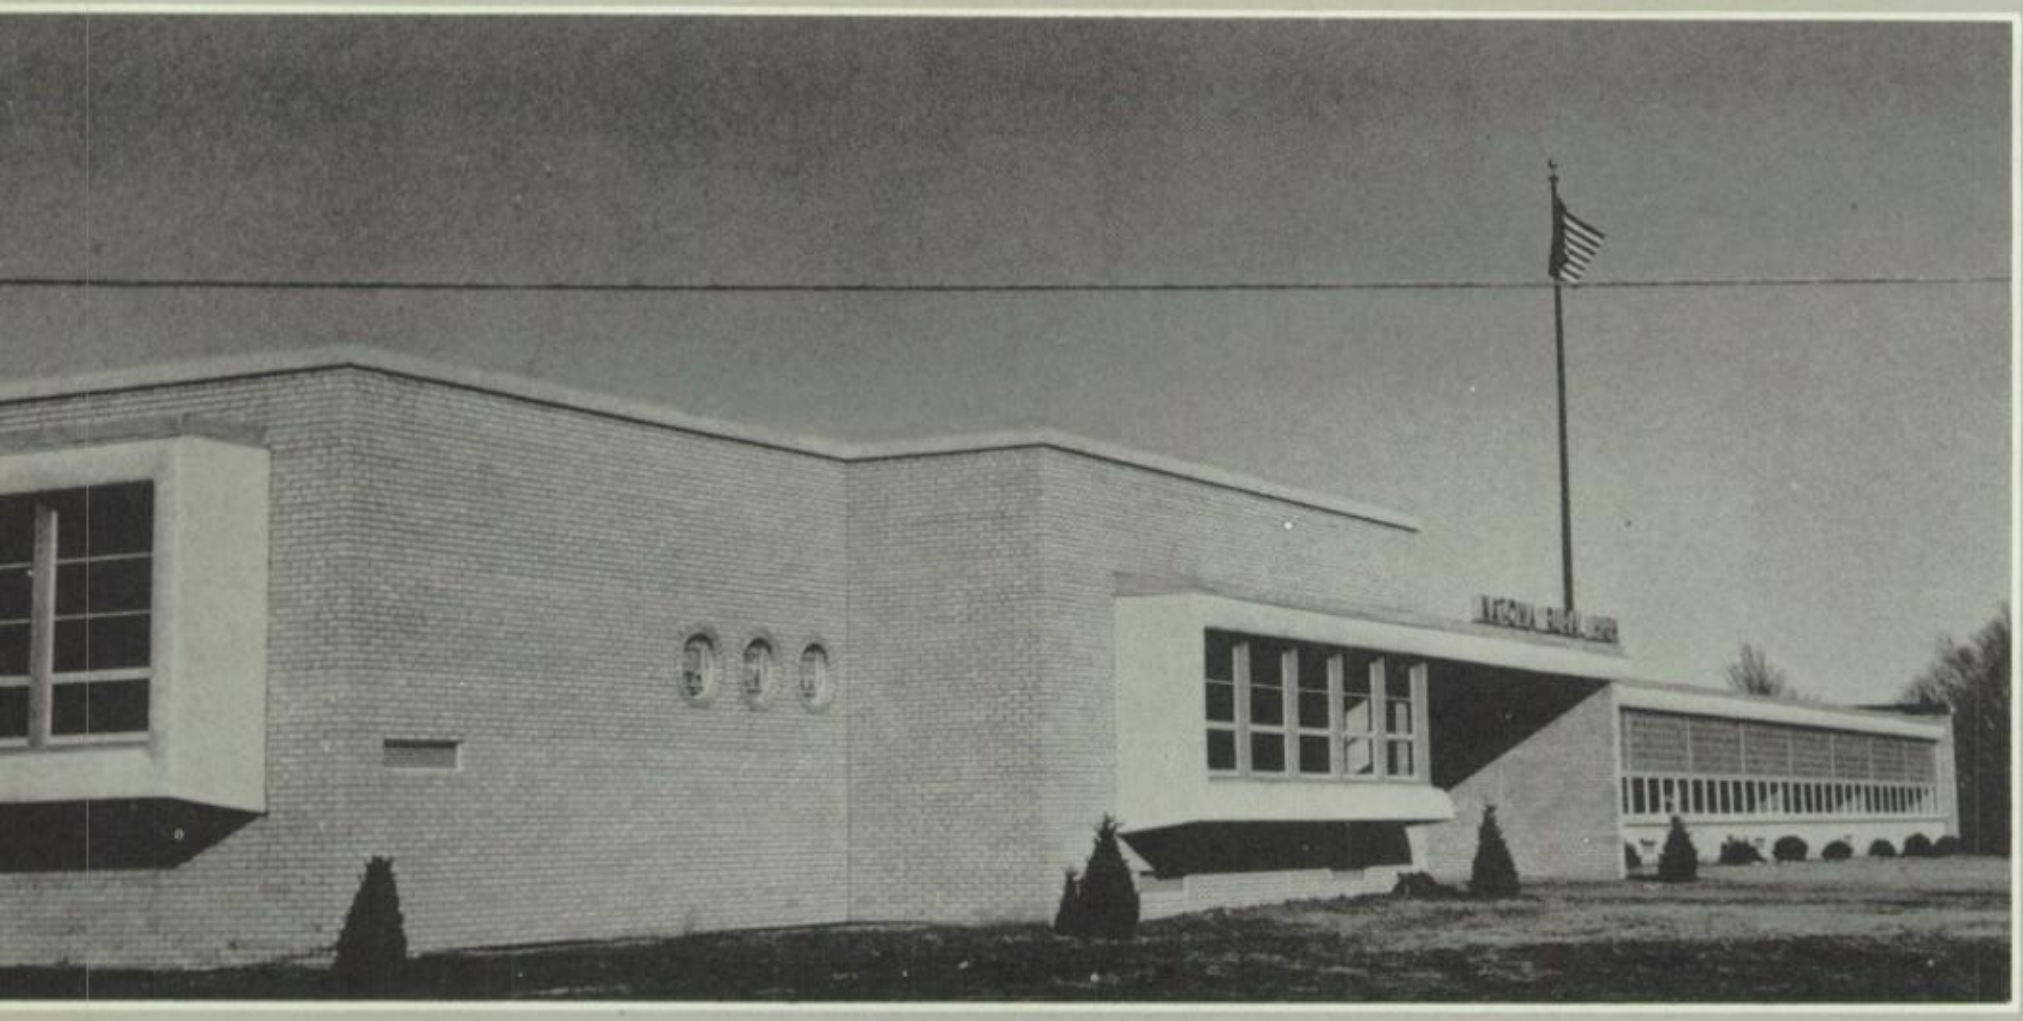
This Is Where We Live



OUR SCHOOL

The school building was completed in March 10, 1952, and that was the day the faculty and students moved into the building. We, the class of 1956, were the first freshman class to start our high school education in this new building.

Beloved Natoma High School . . . where Old King Clock held sway, and alternated the hours of sound and silence with an iron hand . . . whose doors admitted us to four fleeting years of study, fun, and preparation for maturity--the mark that some of us hit, and others came close to . . . Where beyond windowed doors were stately evergreens, which moved with every breeze from Time's quiet passing . . . that sometimes bowed their heads, and dipped their branches under heavy, snowy mantles.

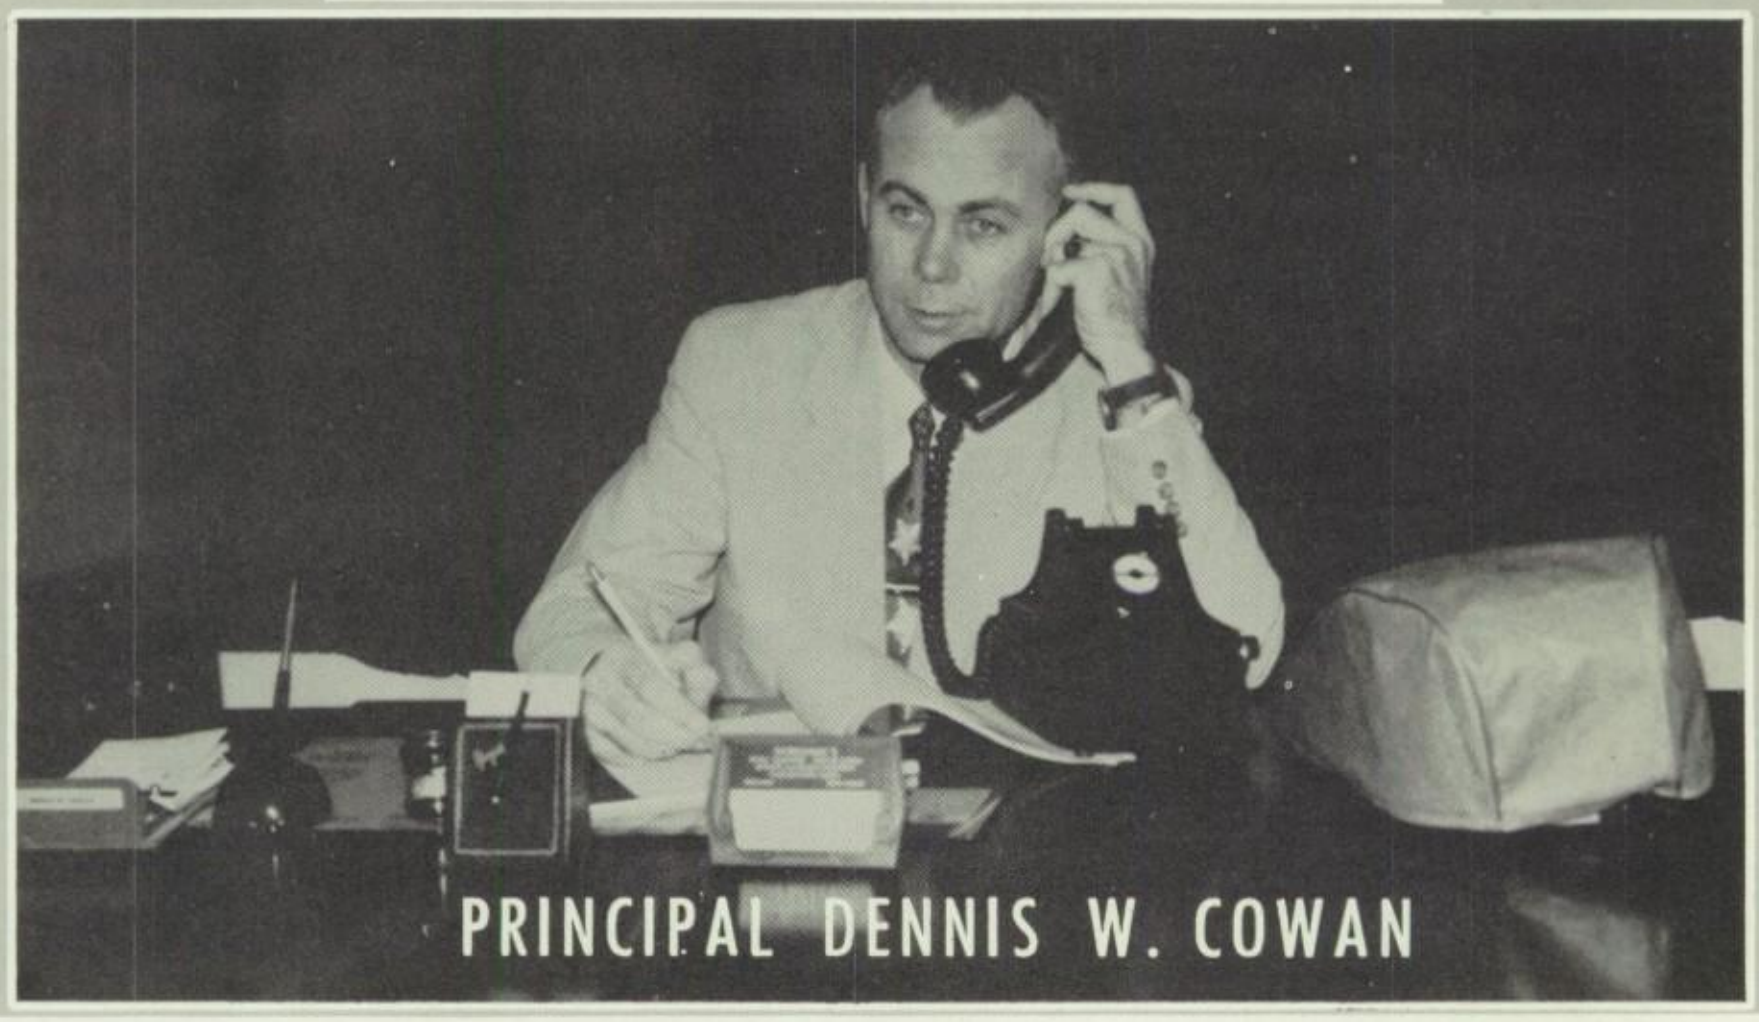
We Dedicate This Book To



PRINCIPAL DENNIS W. COWAN

We dedicate this yearbook to our principal, Dennis W. Cowan, the person who has stretched a helping hand, an understanding heart, a ready mind, and a cheerful smile to our school and those in it for two years.

To this indomitable man, our counselor and guide, whom we will long remember and can never forget, we extend our hands in warm friendship as we dedicate this yearbook to him.
